Amusement Logic Worlwide LLC, which builds upon 25 years of experience out of our offices in Valencia (Spain), is an indisputable worldwide reference in the leisure design and architecture sector, because of its ability to provide comprehensive development of its projects.

Amusement Logic Worlwide LLC is a company specialised in providing comprehensive **design, architectural and engineering services** for all types of leisure and touristic projects: waterparks, theme parks, animal parks, themed pools, campsites, residential complexes, hotels and resorts, extreme and adventure parks, FECs, amongst many others.

We work on a worldwide scale and our services comprise **all the development phases of a project**: market and economic feasibility studies, concept design, architectural and engineering project in all disciplines, as well as supervision, start-up and project management services.

We also **manufacture, build and supply** a wide spectrum of **leisure-related products**: slides, children's attractions and games, interactive games, metallic structures and exit towers, theming, pool and plantroom construction, hydraulic systems, (water movement, pumping, filtration and chemical treatment).

Mini Fruits

Maxi Fruits

Super Fruits

From pomegranates in the Middle East to cherries in Japan, the most universal symbol of life, health and prosperity is undoubtedly fruit. However, it is a theme rarely found in children's facilities.

This is now going to change with the launch of our **Happy Fruits** line, fun fruit characters that seem to drink up the pool water with their colourful tongues and down which children can slide.

We offer 12 different models that are divided amongst 3 collections, according to the slide height: Mini (750mm), Maxi (1200 mm) and Super (1600 mm). Their design makes them easy and quick to install on the side of new or existing pools.

This line aims to move beyond traditional waterslides with kid-friendly positive elements, that perfectly complement a range of diverse environments.
