

ABOUT US

A Technical and Creative Multidisciplinary Team

AMUSEMENT LOGIC WORLDWIDE LLC, which builds upon 25 years of experience out of our offices in Valencia (Spain), is an indisputable worldwide reference in the leisure design and architecture sector, because of its ability to provide comprehensive development of its projects.

Amusement Logic LLC is a company specialised in providing **comprehensive design, architectural and engineering services** for all types of leisure and touristic projects: waterparks, theme parks, animal parks, themed pools, campsites, residential complexes, hotels and resorts, extreme and adventure parks, FECs, amongst many others.

We work on a worldwide scale and our services comprise **all the development phases of a project**: market and economic feasibility studies, concept design, architectural and engineering project in all disciplines, as well as supervision, start-up and project management services.

We also **manufacture, build and supply** a wide spectrum of **leisure-related products**: slides, children's attractions and games, interactive games, metallic structures and exit towers, theming, pool and plantroom construction, hydraulic systems, (water movement, pumping, filtration and chemical treatment).

INTERPRETATION GUIDE

TECHNICAL SPECIFICATIONS

- Dimensions:** length x width x height
- Minimum space:** superficie en planta del elemento con la dimensión necesaria de la superficie de impacto.
- Maximum capacity:** recommended number of users at one time using the play element.
- Height of platform.**
- Slide XL:** not recommended for children under 4 years old.
- Interactive:** game that allows manipulation to produce different water effects.
- Dynamic:** game that moves thanks to the effect the water has on it.
- Static:** static game.

Our game elements have been designed following the UNE-EN 1176-1 Standard.
The correct use of the play area is the responsibility of the children's parents or adult minders.
*Children under 36 months should be supervised by an adult.

The photographic details of the products may not coincide with the included descriptions. All information can be subject to technical changes, or printing errors. These plans and specifications are property of and copyrighted to AMUSEMENT LOGIC LLC and they may not be used in any project, except with prior written consent from AMUSEMENT LOGIC LLC.

Based on kids' **traditional wooden blocks**, we have created a fun collection for pools. Its pieces are easily recognized by children who have played with blocks building houses, boats, cars or anything else conjured from their imagination.

The **Spray Blocks** use the visual and tactile power of this concept to create infinite children's environments. Their modular design allows different play structures to be produced, in accordance with customer requirements.
