Aquafamily est une ligne de jeux figuratifs qui visent à stimuler et renforcer **l'imagination** des enfants, en créant un environnement capable d'être la scène d'une histoire inventée, dont les protagonistes peuvent être les enfants eux-mêmes ou tout personnage fruit de leur imagination.

Il se compose de collections amusantes **d'animaux regroupés en fonction de leur habitat**. Pour cela, ont été choisis ceux qui sont les plus familiers chez la plupart des enfants, tels que la ferme, la forêt et la mer.

Afin de créer des scènes complètes et adaptées à différents âges de jeu, différentes tailles ou positions ont été conçues en fonction de l'animal.
